How to find a physician or hospital

Before becoming a UnitedHealthcare® member,
the quickest way to find a physician, specialist or hospital in the UnitedHealthcare network is to go online to myuhc.com®.

1. Simply go to **myuhc.com**

2. Click on *Find a Physician or Facility* located under **Links and Tools**

3. Under **Select a Search Type**, select search for *Physician, Hospital or Other Facility*

4. Follow the easy directions via the form to help you define your search. You can search by Location, Specialty, Physician Name, Plan, Condition or Procedure

5. Click on the *Continue or Search* button

On myuhc.com, you can find information on network doctors and health care professionals including their name, specialty, office hours, languages, and driving directions. You can also find hospitals and other health care facilities by name and location.

You can even find out which physicians are recognized in the UnitedHealth Premium® designation program, a free informational tool that evaluates physicians and facilities using national quality and cost efficiency standards in their specialty. Just look for the stars to find the UnitedHealth Premium designation.

Once you become a UnitedHealthcare member, go to myuhc.com for all your health care information.

▶ Find network doctors and hospitals

▶ See claims and find out where they are in the payment process

▶ Check benefits to see what's covered

▶ Look up information on a host of health topics, find answers to questions, and more

For a complete description of the UnitedHealth Premium® Designation program, including details on the methodology used, geographic availability, program limitations and medical specialties participating, please see myuhc.com®.
